

Schedule & Field Assignments

- All times are when teams need to be at their assigned traps and prepared to shoot.
If an athlete does not report to the assigned trap by the scheduled time, he/she will have to be moved to the final squad out.
The coach will enter athlete names on the scoring sheet to form a squad at the trap field.
Novice will shoot 75 targets (50/25), Junior Varsity and Varsity will shoot 100 targets (50/50).
The same squad order followed in the first round will be used in the second round.
After the starting time for each day, all starting and completion times are estimated.
It is important to be prepared to shoot immediately after the previous team completes their round.
Scores will be posted in the Clubhouse.
Numbers in parentheses (00) indicate shooter quantity.
